Teens

Make your own space in your community and discover the infinite wonders of YOU!

This year we are asking teens to play BINGO. Each space on the BINGO boards contain a different activity that will encourage participants to get out and about this summer.

We know what you might be thinking, what about the reading?! We've got you covered. There are several reading-related spaces on the boards as well.

To play:

Stop in to any KPL location beginning Saturday, June 1 and pick up a BINGO card. There are four different BINGO boards on this card. Four boards, four prizes!

Once you have completed five activities in a row, guess what? BINGO! You may show your completed board to any library worker and receive your first prize. You may continue playing on the same card until you have gotten a BINGO on all four boards.

Complete all four boards this summer and you will receive the grand prize!

There is an option to play online. You may access each BINGO board on kpl.beanstack.org and check off your completed activities from a list. Once you have completed five activities, that's right! BINGO! You can also submit reviews through your Beanstack account. Collect your prizes at any KPL location.
